## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

Alternative Family Education (AFE) is a homeschool for 130 students in kindergarten through twelfth grade. This school is for families who prefer an individualized, home, and community based approach to their children's education combined with the support of school district resources. AFE students meet regularly with consultant teachers, who help outline educational goals and objectives. In 22-23, the AFE consultant teachers are offering weekly enrichment academic classes in either In-person or Distance Learning formats, per student interest and credit earning needs (high school). Following State and Local guidance students can also participate in middle and high school sports (volleyball, basketball, and soccer), theater productions, and field trips, including an annual trip to the Shakespeare Festival in Oregon. With the onset of the pandemic and Distance Learning in the District, our homeschooling program grew by 150% in 20-21. Many District families returned to the comprehensive schools once they opened for In-person instruction, and many are finding home-based instruction to be more advantageous for their students.

AFE is located on the vibrant Branciforte Small Schools Campus (BSSC). Other schools sharing the campus are Ark Independent Studies High School, Costanoa High School, and Monarch Community Elementary School. The school district is in phase two of a Bond project, and AFE's new facilities became available for moving in the early part of the 21-22 academic year. Landscaping and furnishing are yet to be completed as of this writing. We are able to provide safe learning spaces for our students as we have returned to a mix of In-person and Distance Learning instruction.

Alternative Family Education's Vision and Mission Statements:

Inspired Purpose:

AFE supports, nurtures and inspires families and students to discover and develop their potential through engaged learning, problem solving, and community involvement.

Vision:

AFE cultivates...

the ability to use our minds well.

the tools to choose our paths.

the ability to act upon our passions.

the desire to contribute to the local community and the world.

the vision and heart to see and feel things from other perspectives. the ability to express our own voices.

## 2022-23 School Overview

the habit of self-reflection.  
a sense of well-being.

### Leadership

Michelle McKinney is the principal of the school. She has been a parent at AFE in the past.

Our Parent Club and Community Council continue to play key roles in shaping our students' educational experience.

## A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)						
Intern Credential Holders Properly Assigned						
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)						
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)						
Unknown						
<b>Total Teaching Positions</b>						

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## School Facility Conditions and Planned Improvements

The school district is in phase two of a Bond project, and AFE's facilities are slated for demolition and reconstruction to meet building codes. This process has been delayed due to several factors including the pandemic. Therefore, AFE staff are mostly working from home or temporary spaces in the main campus site. We look forward to being able to provide safe learning spaces for our students upon our return to in-person instruction. Two of the four refurbished portable buildings have been demolished; the other two remain unoccupied on the site.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

<b>Mathematics</b> (grades 3-8 and 11)	N/A		N/A		N/A	

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## 2021-22 Career Technical Education Programs

These courses are not offered through AFE but are available through our district to all High School students. These are CTE courses intended to help students prepare for the world of work. These career technical education courses (CTE, formerly known as vocational education) are open to all students in our district.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2022-23 Opportunities for Parental Involvement

The two parent groups are the AFE Community Council and the Parent Club. Many parents participate in field trips and share their academic expertise through enrichment classes, tutorial groups, and playgroups for the younger children. The Parent Club participates in fundraising to support the enrichment classes and field trips. AFE parents and students serve on the BSSC Site Council and the Site Bond Committee.

To become more involved, please call or visit the school office - (831) 429-3898.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

The School Site Council that represents our four schools at the Branciforte Small Schools Campus (BSSC) reviews the previous year's Safe School Plan and collaborates to write a new plan each year. Our current goal is to continue to implement trauma-informed care strategies in the classroom, with a focus on implementation of neuro-sequential model tenets into lessons, 1:1 meetings, and school structure. We will also continue to learn about restorative justice practices around students in marginalized groups and who have/are experiencing trauma. We will continue to explicitly teach and practice self-regulation techniques, provide training for implementation of restorative justice practices, and focus on the neuro-sequential model in lesson design in various professional development sessions.

The second goal in our current plan is to develop a comprehensive plan to deal with issues of mental health impacting our school site. We will undertake a number of actions to meet this goal. Staff will attend an all-day conference with mental health professionals and other educators that addresses youth mental health; staff continues to work towards greater access to mental health counseling services; and staff is implementing Restorative Justice harm circles.

## 2021-22 Types of Services Funded

In 2021-22, LCFF funds were used to purchase materials and supplies related to Site Plan goals, mostly in service of expanding and updating materials in the Resource Center. Our generous community supports a parcel tax that partially funds our drama staff, resource center staff person, and pays for Alternative Sports League Fees. LCFF Supplemental funds were used to register the staff for a Social Emotional Learning online conference, and for teachers and admin to attend an Independent Studies Compliance Webinar, in light of the many changes to Independent Studies Education Code during the pandemic.

## Professional Development

Professional Development planned and in process in 2022-22 focuses on the following three goals, in alignment with District MTSS Strategic Foci:

1. Academic Literacy - All students will make academic literacy growth. Improve student writing in grades 4-12 with vertical alignment and standardizing scoring practices.

PD activities:

a. Deeper understanding of high school writing rubrics, use of anchor papers, and student self-evaluation.

b. Focus High impact instructional practices:

Goal setting/Student Self-Assessment

Teacher Clarity

c. In PLC meetings, staff will review skills and concepts in the reading rubric continuum, and strategically plan direct instruction into teacher-led enrichment classes, as appropriate.

2. All students who are taking math will make mathematics growth. Improve student achievement through developing a unified understanding of program expectations and practices, with a particular focus on Common Core math instruction in grades 6-12.

PD Activities:

a. After a deep dive into math practices and applications that are aligned with CCSS, staff will further implement a parent education program about the eight math practices.

b. Focus High impact instructional practices:

Goal setting/Student Self-Assessment

Teacher Clarity

3. All students will feel connected to their school. Continue to build self regulation skills and improved school climate. New target - 98% of Students and families surveyed will demonstrate positive school climate.

PD Activities:

a. Develop parent education and student and parent community building opportunities through campus beautification activities. Provide professional development for new and continuing staff in Trauma-Informed and restorative justice practices.

b. Training for staff about how to have anti-racist conversations and actions regarding students and families of marginalized groups. We will begin by learning to conduct empathy interviews and surveys for parents and students, focusing on the input of families from marginalized groups to help guide policy and programmatic decisions.

c. Consultant Services with ROE Consulting for training in Trauma Informed, Neuro-Resilient principles and practices in community with all BSSC programs.

d. Access to social/emotional counseling for K-12 grade students.

Professional development happens primarily at weekly staff meetings August to June.

This table displays the number of school days dedicated to staff development and continuous improvement.
